MELVIN'S CLASSIC FORD PARTS

We sell only the best available!

About the Cover

Paul's 1971 Maverick Grabber was purchased from the 2nd owner in 2012 with just over 19,000 original miles on the odometer. After shipping the car over 1,200 miles to Canada and driving the car for a few weeks, it was discovered that the cowl area required replacing. From Jan 2013 until June 2016, the car was completely dismantled, the cowl was replaced and engine bay and interior were freshened-up, along with adding 5-lug disc brakes and Factory Aluminum Slots to all four corners. The car still wears 90% of its original Grabber Yellow exterior paint. Paul restored/built this car in memory of his late father, who was responsible for getting Paul interested in Mavericks and Comets at the age of 14. The Grabber now serves as a memory-maker for Paul, his wife and their two children.

MELVIN'S CLASSIC FORD PARTS

Mustang | Falcon | Galaxie | Truck | Model A | Street Mod | 1932-59 Cars | Thunderbird | Fairlane | Maverick

Dear Maverick and Comet owners,

Well, the time has come for us to face the music and retire. You will all be glad to hear that Melvin's Classic Ford Parts will continue under the capable hands of Randy, our youngest son. Most of you will remember him starting out with us when he was 12 years old and we had to drag him to car shows. How time flies when you are having fun! He worked with us from 1993 until 2011 and now he is back. We will continue to help him out until he gets "re-adjusted" and "back in the groove." You will also be happy to hear that Jessica will continue to work with Randy. She has been working with us for the past 25 years and Randy could not take on this task without her help! Randy will probably be relocating in the future and we will keep everyone updated. Melvin will continue his passion at home, working on his many projects—we might actually be able to go to some car shows and act like spectators finally.

Way back in 1987, Melvin's Classic Ford Parts was started by selling a boat and buying Gary Goddard's Falcon and Mustang parts business. Melvin has always had old Fords, since he was 15 years old, so the dream was to have his own Ford business. This was just going to be a little thing to go to car shows on the weekend with a little mail-order business added on. Our first car show was in Clarksville, Georgia—true story—we loaded up our parts in our Chevrolet truck (just because we got it cheap) and put out our little display; we had a guy walk up and say, "I need some Ford parts, but you are driving a Chevrolet so I will keep going!" Needless to say the following week we traded that Chevrolet truck for a Ford truck!! We purchased our first trailer from Jim Johnson, JJ's Mustang, until we outgrew it. We traveled to car shows for the first ten years, meeting wonderful people along the way, but that is a lot of hard work. We moved into our Conyers location in 1999.

If we can pass along one piece of advice that we have learned over the years, is that you usually get what you pay for. On so many of the reproduction parts, there are several manufacturers and they do not always produce a quality part. Melvin actually restores his own vehicles and does not farm out anything. If he does not like the quality or fit of a part then we do not sell it. Of course, there is always the possibility of only one manufacturer on a part and then you do not have a choice unless you go with an NOS part—and those are getting few and far between.

Please continue to support our wonderful hobby and hopefully Randy and Jessica will be able to retire one day. It would be wonderful for our little family business to continue for years to come. Who knows, with three grandsons now, anything is possible.

Please be sure to swing by and visit Randy and Jessica when you are near Atlanta; we are only about 20 minutes from downtown and the airport.

We want to thank everyone for an incredible 29 years. It's been a great ride!

—Melvin & Vicky

About Us

Melvin's Classic Ford Parts, Inc. is a family owned and operated company that has been serving the Ford enthusiast since 1987. Our family includes: Melvin, Vicky, Randy and Jessica. We moved into our new, larger facility located in Conyers, Ga. in October 1999. Sadly, Melvin decided to retire at the end of 2016. Melvin's Classic Ford Parts will continue under the capable hands of Randy, our youngest son, he worked with us from 1993 until 2011 & now he is back. We will continue to help him out until he gets "re-adjusted" & "back in the groove". You will also be happy to hear that Jessica will continue to work with Randy. She has been working with us for the past 25 years & Randy could not take on this task without her help! Randy will be relocating to 1390 Business Center Drive, Suite 100, Conyers, Ga. 30094. Please be sure to swing by & visit Randy & Jessica when you are near Atlanta-we are only about 20 minutes from downtown & the airport.

Melvin has always had old Fords - from Model A's to Mustangs. Currently we have a 1939 Convertible, 1939 Standard Coupe, 1965 Falcon Ranchero, 3 Mustangs, 1968 Shelby GT350, 1966 Pickup, 1 Cushman Eagle, and 1 Cushman Truckster! We belong to the Mustang Club of America (Charter Member #15), Falcon Club of America, Fairlane Club of America and AACA. Our goal is not to be the largest supplier - just the only place you will need to shop.

Our catalogs feature the highest quality parts available for your classic restoration. Look for products from manufacturers SUCH as: Scott Drake Reproductions, Dennis Carpenter, Pro Products, AMK, American Designers, Ford Motorsports, Re-Pops, Auto Custom Carpet, Marti Auto Works, Custom AutoSound, American Cushion, and Daniel Carpenter. These manufactures produce only the finest products. If Melvin won't use it on his cars, then we don't carry it! We price very competitively. Keep in mind, there are varying qualities in parts and you get what you pay for. We try to keep 90% of all merchandise in stock for immediate shipping; which is currently over 16,000 different part numbers! We have quite a large inventory for all "Classic Fords". This is the reason for the store credit policy. We want to have what you want, when you want it!

Whether it is a hard to find part or a standard replacement part, Melvin's has what you are looking for. Give us a call if you cannot find what you need. We will be happy to help!

Ordering Info & Policies

Please read the Ordering Information carefully & thoroughly. If you have any questions please feel free to call. We will be delighted to answer any questions. Be sure to check your car and order the correct parts. If you are not sure please ask before ordering. It will save us both time & money!

Payment method:

We accept Visa, Mastercard, Discover & American Express.

Shipping & Handling:

UPS is our primary shipping course. Call for other options. Canada: Add 20% for S & H (We are not responsible for customs or duty tax) Overseas: Shipping quotes available upon request. Fragile items, such as molding, will be shipped in PVC tubes & will have an additional \$10.00 fee. Oversize items, such as sheetmetal, bumpers, etc. will have an additional \$10.00 fee.

Backorders:

If an item is out of stock, it will be shipped as soon as possible. Please check your receipt for any notations. Please call & cancel any backorder if you do not want to wait.

Truck shipments:

All orders too large for UPS or Federal Express must be shipped by truck & must be prepaid by Bank Cashier's Check or Postal Money Order. No credit card or C.O.D. Please be sure to inspect parts while the driver is still there.

Damaged merchandise:

Damage in transit is the responsibility of the carrier, not Melvin's Classic Ford Parts. If you receive an opened or damaged package, inspect it in the presence of the carrier & have the driver note "Damage" on the delivery sheet. Contact your local UPS or Truck line. Please keep merchandise in the original box.

Special Orders:

These are items that are not stocked parts. These must be prepaid with Cash, Postal Money Order or Bank Carrier's Check. No Credit Card. No return or exchange on special orders. These parts cannot be returned for any reason other than defects in material or workmanship.

Returns:

Can be returned for exchange or store credit within 15 days from date of invoice. Please call for return authorization number. After 15 days a 20% restocking fee will be charged. After 30 days a 30% restocking fee. After 60 days a 50% restocking fee. All new products are guaranteed against defects in workmanship & material. Liability to Melvin's Classic Ford Parts is limited to the replacement of the defective parts. All items returned must be in "New" condition & in the original packaging. No return on electrical, literature, stripe kits, paint or special orders. You must include a copy of your original invoice or it cannot be returned.

Disclaimer:

Melvin's Classic Ford Parts, Inc. will not be responsible for any loss or damage caused by delays or any damage caused by the replacement of a defective part nor the labor or transportation incurred. Our obligation is to replace the defective parts. We are not liable for the use or misuse of any of our products. We are not responsible for any typographical errors.

Used Parts & N.O.S. Parts:

We will do our best to describe parts to you-we can e-mail you a picture if you like, but please understand that there is NO RETURN on these parts.

DRUM BRAKE UPGRADE KIT

Rear-for 8" or 9" small bearing rear end. Get disc brake performance at a fraction of the cost with our 11" rear drum upgrade kit. This kit is for ford 8" & 9" small bearing rear ends. It uses 11" finned drums, high performance ceramic brake shoes & oversize wheel cylinders to greatly enhance performance over the orig. 9" or 10" drums-all components come pre-assembled on new backing plates so that all you have to do is remove the old drum compo. & install our new ones. The original parking brake cable will hook right up.

WIPER MOTOR - REPLACEMENT

70-77 Maverick & 71-77 Comet
NOTE: This wiper motor has different wire colors than original. Remove
Original plug and wires from your old wiper motor and connect wiring:
Blue wire on new motor to Blue wire on original plug/harness
Green wire on new motor to White wire on original plug/harness
Red wire on new motor to Red wire on original plug/harness
White wire on new motor to Black wire on original plug/harness
Black wire on new motor is just an additional ground, connect to bracket.

WIPER MOTOR - REPLACEMENT

70-77 Maverick & 71-77 Comet

NOTE: This wiper motor has different wire colors than original. Remove Original plug and wires from your old wiper motor and connect wiring: Blue wire on new motor to Blue wire on original plug/harness
Green wire on new motor to White wire on original plug/harness
Red wire on new motor to Red wire on original plug/harness
White wire on new motor to Black wire on original plug/harness
Black wire on new motor is just an additional ground, connect to bracket.
